# Love Note

Colin & Jane along with their staff were nothing short of amazing as they made all our dreams come true at our wedding. From a beautifully decorated ceremony area in an already impressively decorated boutique hotel to the dazzling Alfie's Lounge where we had our drinks reception it was all perfection.

The banquet style dinner looked amazing and the food was delicious, the portions huge and all requirements were catered for. Nothing was too much trouble. The rooms were stylish and comfortable with lots of hidden extras and the breakfast was delicious. We were truly spoilt. As a venue for a wedding anyone would be hard pressed to find better

We look forward to hearing from you  
and helping you create a wedding full  
of memories to cherish
